

ATTENTION CITY RESIDENTS.....

**CITY OF ST. CHARLES
FIRE HYDRANT MAINTENANCE**

The City of St. Charles Water Department will be flushing fire hydrants during the week of April 25th thru April 29th, 2016 between the hours of 8:00 a.m. and 4:00 p.m. Please do not wash clothes during this time as the water system sometimes builds up iron deposits. If your water appears “rusty” please flush outside faucets by letting the water run for 15 minutes.

Thank you for your cooperation.
