Overview

Located 20 miles east of Rochester and 20 miles west of Winona, St. Charles offers big city conveniences with the advantages of small town living. Best known for being the Gateway to the Whitewater Valley, St. Charles is a vibrant community of 3,560 people comfortably nestled within the rolling hills and valleys of southeastern Minnesota. St. Charles is a great place to visit and an even better place to live. Our vibrant main street, small town charm, and scenic residential subdivisions make St. Charles a desirable place to live, work and raise a family. In St. Charles, recreational opportunities abound. The Majestic Whitewater State Park is only seven miles north of the city. We have five beautiful city parks offering a variety of activities, including picnic areas, volleyball courts, ball fields, playground equipment and biking and hiking trails. We are very proud of our Senior Center with and our expansive recreation programs. While you're here, play a round a golf at the St. Charles Golf Course, enjoy a warm summer day at our state-of-the-art Aquatics Facility, or visit our public library. If shopping is more your style, St. Charles' downtown area has several antique and specialty shops for your prowling pleasure, a pleasant outing for both the treasure seeker or browser.

The University Center Rochester campus is home to Rochester Community and Technical College, University of Minnesota

Rochester and Winona State University Rochester Center. The three institutions offer more than 150 programs of study, enroll approximately 20,000 students in credit and noncredit education and manage almost 900,000 square feet of educational space on a 480-acre campus. The institutions focus on offering programs along the spectrum from certificate through graduate level studies in business, education, health sciences, technology, and liberal arts programs. In addition to the multitude of diplomas, certificates, associate of arts, and associate of science degrees, students also have the option of a 2 + 2 program at University Center Rochester (the partnership between RCTC, the U of M, and WSU). A 2+2 option is defined as a four-year program that can be completed in its entirety at the University Center Rochester campus. 6/06

Saint Mary's University of Minnesota has played a vital role in the arena of higher education since its founding in 1912. What was a local college providing education for young men in 1912 is today an international university serving women and men of every age, race and nationality. The University is true to its Lasallian heritage in Saint John Baptist de La Salle's belief in meeting the needs of the people of the times. It strives to remain a university that is attentive to unique individuals with varying psychological, social, physical and spiritual needs. Saint Mary's University received its continued accreditation from the North Central Association of Colleges and Schools in 1997 until 2007. The university continues to be increasingly attractive to our diverse audience of students. New and exciting possibilities await us on the horizon and we welcome them in our desire to continue to refine and increase the quality and degree of excellence our educational offerings can provide for every individual member of our academic community. 6/06

Minnesota commercial real estate taxes are based upon market value of taxable property as set by the local assessor. To calculate the tax for the current year, first compute the tax capacity by multiplying all property value up to \$150,000 times .015, plus any value over \$150,000 times .02. Example: net tax capacity on a \$200,000 business property: (\$150,000 X .015) + (\$50,000 X .02) = \$2,250 + \$1,000 = \$3,250. Tax capacity times the tax rate equals taxes owed. Commercial and industrial property must also pay a state property tax, which is equal to the tax capacity times the State Tax Rate.

In some localities where voters have approved referendums, an additional referendum tax must be added, calculated by multiplying the referendum tax rate times the total market value of the commercial property.

Please note: Specific property tax classifications and computations can be more complex and result in different tax amounts. This simplified explanation applies in the most general situations and will allow a business to roughly estimate its potential property tax burden. The county assessor or auditor may be able to answer questions about specific properties and uses.
